

2017 St. Mary's National Honor Society Students

Hello Mr. Lynn,

I wanted to let you know about the wonderful support that your National Honor Society students along with their mentor, Ms. Ashley Thomas, have given to our organization.

Last week the students in NHS donated approximately 200 gift bags filled with useful personal items that we will distribute to our adult consumers at their annual holiday party. We rely completely on community donations for these events and are so appreciative of the generosity of your students.

Ms. Thomas also brought a group of students out to our annual fundraising gala last week. They worked diligently all evening and were polite, capable and a credit to themselves and your school. It was a pleasure to have them at our event. I received many compliments from our guests and staff regarding their contribution.

I hope we will be able to have your students volunteer with us again in the future.

Thank you and Best Regards,

Ceri Dunn
