

Dear Parent or Guardian of a future Sophomore at St. Mary's Prep,
As the end of the year quickly approaches, it is time to begin preparing for next year. In an effort to help you and your son create the most effective schedule for next year, I will be meeting with him to discuss his schedule in the coming weeks. This meeting will take place during the school day. Enclosed is a course selection sheet that we would like for you and your son to complete. Please complete this form and return it to the school (Mrs. Posa) no later than March 27th. The information you provide on the course selection form does not guarantee placement into a class or a specific teacher. All requests are subject to approval of your son's current teachers and me the academic dean. Please give the course selection process serious reflection. Once a schedule has been generated it may not be possible to change it due to the logistics involved. Once you and your son have chosen classes, and I have met with him, then your son's schedule will be made. Expect to receive the finished schedule in the mail at some point in early August. If you do not receive a schedule in the mail please contact the main office to ensure that all necessary paperwork has been completed. If you have any questions please do not hesitate to contact me.
Sincerely,

Russell J. Bone, Academic Dean
